

Xtra Social creative best practices

Xtra Social enables brands to repurpose the same creative built for social platforms to run in display formats on the web. Visit socialdisplay.info for examples.

Performance campaigns

- **Format type**
 - Photo and link posts are the most effective at driving landing page visits due to large visuals and ad size
- **Social icons**
 - Hide social icons so 100% of clicks will go to the destination URL
- **Call-to-action button**
 - Customize label and color to inspire audiences
- **Measurement**
 - Add third-party impression, click trackers, and UTM tracking parameters to destination page URL to support better analysis

Engagement campaigns

- **Format type**
 - Video and carousel posts have the highest engagement rates
 - Formats encourage user engagement with ad itself
 - Video controls: start/pause/volume
 - Carousel: swipe between slides
- **Social icons**
 - Keep social icons on, to encourage more interactivity
- **Call-to-action button**
 - Customize label and color to inspire audiences
- **Measurement**
 - Focus on engagement rates versus destination page activity

Awareness campaigns

- **Format type**
 - All format types are great options (photo, video, link, carousel)
 - Select creative that is visually appealing and likely to stand out
- **Social icons**
 - Keep social icons on, benefit from format familiarity
- **Call-to-action button**
 - Customize label and color to inspire audiences
- **Measurement**
 - Add third-party brand safety and viewability verification partners like MOAT, IAS, DoubleVerify

Influencer promotion

- **Permissions**
 - Brands will normally have permission to amplify influencer/creator content already developed together for use in paid media channels
- **Influencer handle**
 - Use the influencer's social handle in the format (as shown here) to add further credibility and encourage audience engagement
- **Drive website traffic**
 - Add a destination URL that goes to brand's landing page (which cannot be done in organic influencer promotion within social platforms)
